

Phi Delta Chi - Eta

Alumni Banquet
November 1st, 2003
Celebrating 101 years of tradition

The ETAZOON

UPDATE

Grand Council 2003

Grand Council was a blast this past summer in Minneapolis, Minnesota with 8 members of the active chapter attending. We had a strong support of alumni as well with brothers Song You, Tim Reed, Collin O'Neil, and Eric Fields in attendance. The week was filled with fun festivities including a trip to a Twins game, tubing down Apple River in Wisconsin for 3 hours and checking out the downtown nightlife. We gathered with over 250 brothers from across the country to discuss the state of our fraternity and how we can progress forward. As one of the last ceremonies for the week, we also remembered those who have passed away in the preceding year. All in all, the week was one to remember... for those of us who can.

ΦΔΧ

Doughnut Sale!!!!

When the brothers of ETA chapter found out that Krispy Kreme was being built only 20 minutes away in Medford, Massachusetts we knew that it would be a great fundraiser. People wait hours just to get there hands on one of those deep fat fried, sugar glazed circles. With just 200 calories per donut and 13mg of cholesterol-who could resist! On September 11th and October 23rd we purchased 600 doughnuts as a fundraiser and sold out in just less than three hours. The money raised was donated to PDC's national charity St. Jude's Children Hospital in Tennessee, the Mission Hill Walk for Health, and the Leukemia/Lymphoma Society Walk for a Cure.

The Eta boys consider giving up pharmacy to pursue a life of donuts and coffee.

SERVICE PROJECTS:

Mission Hill Walk for Health

The ETA chapter had a strong showing for this walk on Saturday, September 20th. Our school raised \$950 dollars, with Phi Delta Chi being the largest contributor, to help the many area organizations and the youth of Mission Hill. We ran a Krispy Kreme doughnut fundraiser in the school atrium and raised \$270 from sales and donations; \$150 of which went to the walk.

From L to R: Ryan, Minh, Brian, Andy, John, Fabien, Heff, Joe, Ogre, and Ian At the annual Mission Hill Walk for Health.

From L to R: Andy, Fabien, Boston's Mayor Menino, Minh, John, and Ian.

Walk for Diabetes

Our chapter participated in the annual Walk for Diabetes to support the American Diabetes Association, whose goal is to find a cure for this disease. Diabetes has affected several members of our families and this was a major reason for the moral and monetary support from our chapter.

During Columbus Day weekend, four brothers made it to the annual American Diabetes Association Walk for Diabetes.

Leukemia/Lymphoma Society Walk for a Cure

On October 26th, the ETA chapter participated in the 10th annual Walk for a Cure. Professor Waldman, our professor who taught 4th year Interpersonal Communication, asked us for our help this year. We rented a trolley to transport volunteers to the Artesani Park in Brighton. We raised money by selling Krispy Kreme doughnuts again in the atrium and asked for donations. Once again, we were the largest contributor from MCPHS. Here's what Professor Waldman had to say about us:

“The members of Phi Delta Chi responded quickly and graciously to our need for volunteers to man the route of the 10th Annual Walk for a Cure for the Leukemia/Lymphoma Society of Massachusetts, (when a fraternity from another local University let us down at practically the last minute!)

With very little notice, the fraternity pulled together a hard-working and enthusiastic group that showed up early on a Sunday morning to unload trucks, organize booths, set-up the route, and man water stops along the three mile course. And, they went beyond just lending their muscle; the young men were friendly, well-mannered, and brought honor to their College and fraternity chapter. Without being asked, they also made a very generous financial contribution to the Society (which supports medical research for finding a cure for life-threatening diseases that often strike college-age people).

I cannot say enough about the great job done by Phi Delta Chi!”

From L to R: Brian, Adam, Professor Waldman, Jeff's head, Ryan, Ian, Andy, Minh, John, & Joe.

Looking Ahead

Brown Bag & Bingo Night at a local Senior Center
Platelet Drive for the Dana-Farber Cancer Institute
Road trip to Maryland on November 7th for Iota's Initiation Ceremony
Discussion forum on "Drug Importation" co-sponsored with ASP
Golf Tournament with alumni in the spring at the Franklin Park Golf Course
T-Shirt Sale
Scrubs Sale
Professional board on influenza
Professional board on vitamins
